Wimbledon House

Location London SW19

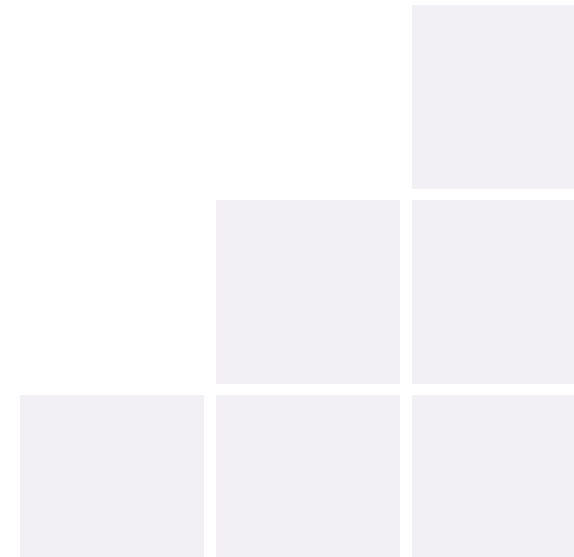

Project Description

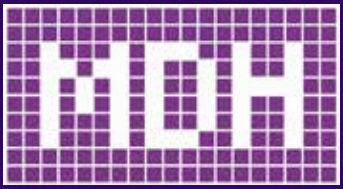

This was a complete refurbishment and extension of a three-storey house including internal demolitions, refurbishment and turnkey bespoke fit-out

Client testimonial

Second major project using MDH this time our Victorian family home in Wimbledon. Despite the strong headwind of COVID-19, the works were once again completed on time and within budget. Any additional works were always fairly priced and the team were very good to work with.”

Architect \ Designer

This was the first of my projects where I had the privilege of working alongside 'MDH'. Throughout the duration of the project, Martin and Donal were meticulous in their interpretation of my design work and eager to ensure that the specification was adhered to at every stage. Their quality is of the highest standard and I was delighted with the end result.

They were so professional, friendly and always with a 'can do' attitude.....an absolute pleasure to work with!!
